

Dalebrook® PRODUCT CATALOGUE 2025

1979: BOUGHT BY THE CURRENT OWNER

The company was bought by the owner who continues to lead the company today.

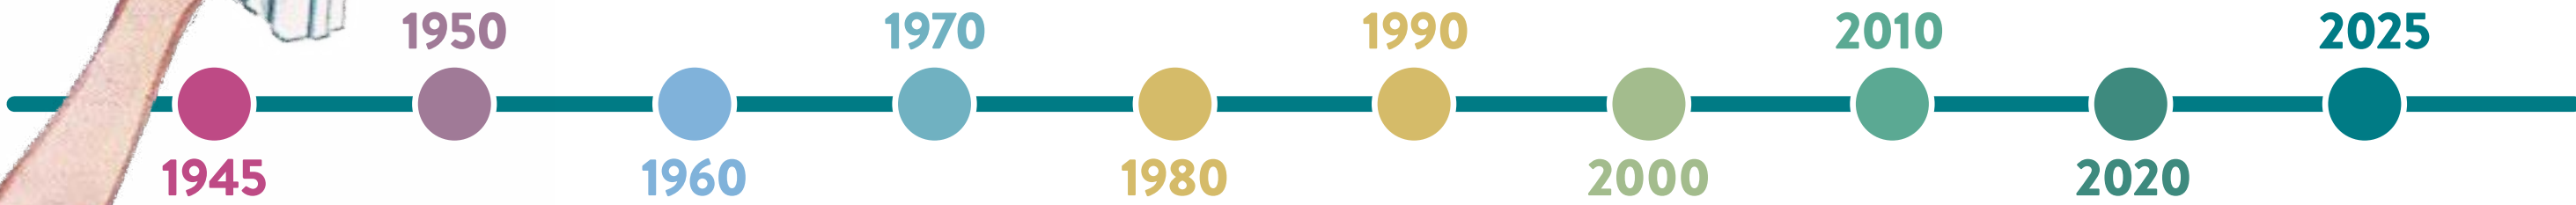

1994: WITHAM

The company relocated to Witham, Essex.

2017: DALEBROOK RETURNS TO LONDON

Dalebrook returns to London to open a dedicated showroom.

DALEBROOK WAS FOUNDED

Dalebrook Display initially specialised in plastic flowers but soon pioneered the creation of artificial green garnish. By utilising advanced manufacturing techniques and modern materials, Dalebrook's garnishes enhanced the appearance of butchers' window displays during the post-war rationing period.

BERMONDSEY

The company moved to Bermondsey to be nearer to the meat markets and began developing melamine trays to supply to the catering industry.

DALEBROOK HEAD OFFICE

Outgrowing our previous premises Dalebrook built a new head office, showroom and distribution centre in Witham, England.

GBL associates

2008: GBL Associates become a subsidiary of Dalebrook Supplies Ltd.

Remmerco

2014: Dalebrook acquired Remmerco Limited.

EUROPAEUS

2017: Dalebrook acquired Europaeus Supplies LLC in USA.

INNOVATORS IN FOOD DISPLAY - LEADERS IN MELAMINE

Dalebrook designs and supplies high quality, innovative products and display solutions that are trusted by the world’s leading food producers and contract caterers. Our approach to business is fundamentally design-driven. Our design team works closely with our customers to develop new and original products with a shared interest in constantly improving the way food is displayed and served.

Dalebrook has unrivalled expertise in the use of materials, including melamine, plastics, metals, timber, and bamboo. Through our uniquely close partnership with manufacturers, we are constantly inventing new forms, finishes, and material combinations, supported by our in-house rapid prototyping capability.

As a global leader in our field, our creative inspiration comes from studying culture, food service and wider design trends worldwide. We are inspired by working in close partnership with our customers as we constantly strive to deliver the most original and highest-quality food service and display solutions.

CERTIFICATION

PARTNERS

LOOKING TO TOMORROW

Sustainable Design and End-of-Life Solutions

While melamine is not biodegradable, Dalebrook is dedicated to creating products that prioritise durability and reusability. By extending product life we help minimise waste and reduce reliance on single-use alternatives.

Low Maintenance, Energy-Efficient Solutions

Dalebrook's products are crafted for ease of care and efficiency. Requiring minimal water and energy for cleaning, our solutions support sustainable operations without compromising on performance or durability.

Reducing Waste, Reusing Materials

We actively minimise unnecessary packaging and focus on creating reusable solutions. By supporting circular practices and designing for material reuse, we aim to reduce waste and environmental impact throughout the product lifecycle.

Innovation for a Sustainable Future

Through ongoing research and innovation, we develop versatile, reusable products that anticipate future needs. By combining practicality with forward-thinking design, we help customers optimise their operations while minimising waste.

Responsible Materials

Melamine begins as pine wood, sourced from sustainable forests. The production process is energy-efficient, utilising a short heat exchange that takes no longer than two minutes to create a finished product. This method avoids the need for earth excavation and eliminates prolonged, high-energy consumption.

Durability Meets Design

At Dalebrook, material selection and design are centred on longevity and performance. Our melamine products withstand the demands of professional use, providing lasting value while reducing the need for frequent replacements.

CRAFTED WITH SUSTAINABILITY IN MIND

Dalebrook’s Commitment to Sustainability

At Dalebrook, sustainability is at the heart of our business. We are proud to take meaningful steps to ensure that our operations, products, and practices contribute positively to the environment. Our commitment is reflected in both the materials we use and the innovation we bring to the market.

Melamine and Sustainability

Melamine is a durable and reusable material, making it a practical choice for reducing reliance on single-use plastics. Its long-lasting nature ensures that products remain in use for extended periods, helping to minimise waste. By choosing melamine, businesses can invest in high-quality tableware and food display solutions that align with sustainable practices while maintaining exceptional performance and aesthetic appeal.

Our Sustainable Practices

- 🌱 **Efficient Manufacturing:** We continuously optimise production processes to reduce waste and energy consumption.
- 🌱 **Long-Lasting Products:** The durability of our products extends their lifecycle, minimising the need for frequent replacements and reducing overall resource consumption.
- 🌱 **Recycling Initiatives:** We are exploring ways to recycle melamine at the end of its lifecycle. For more information, please contact your account manager.

Looking Ahead

Dalebrook remains dedicated to ongoing innovation and improvements in sustainability. Our goal is to balance design excellence with environmental responsibility, offering products that support your sustainability objectives.

By choosing Dalebrook, you are partnering with a company committed to shaping a more sustainable future for the tableware and food display industry. Together, we can make a difference.

For more information about our sustainability initiatives, please contact our team.

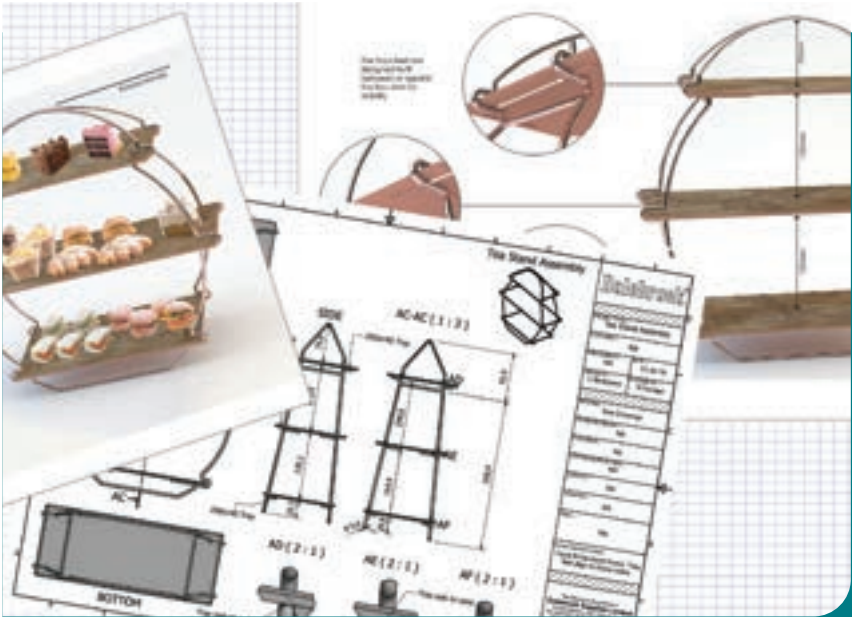

EXPERIENCE WHERE IT COUNTS

Dalebrook Supplies are world leaders in the design and manufacture of melamine food display solutions. With 80 years' experience, we are always developing our product range by introducing new styles, shapes and finishes.

- Selling to over 70 countries
- Distribution centres in UK, Europe, and China
 - 1,000s of lines delivered
 - Guaranteed high-quality standards
 - Decades of experience

By choosing Dalebrook, you are choosing a brand you can trust.

WHAT IS MELAMINE

Melamine is renowned for its durability and resistance to heat and scratching. These characteristics make it an ideal material for use in restaurants, cafes, catering operations and other HORECA environments. It is also a lightweight material, dishwasher safe and maintain, helping to reduce operational cost - perfect for busy environments. Melamine is BPA-free making it safe to use in all catering operations.

LISTEN, CREATE, SOLVE

At Dalebrook, exceptional product design is at the core of everything we do. Our award-winning portfolio, exclusively created in-house by our UK design team, reflects our commitment to innovation and creativity. Our award-winning products, many designed to solve a specific customer need and with some timeless-classics in production for decades are all created to provide a solution for the problems faced by today's food-service industry.

BESPOKE PRODUCT DESIGN

Dalebrook's exceptional product design services offer you the opportunity to leverage our knowledge and expertise in the world of tableware and serveware.

We specialise in designing and producing new concepts, from branded merchandise and themed tableware to bespoke product designs.

Our commitment to understanding exactly what you need ensures that our team of experienced designers deliver world-class service and excellent product design.

Arrange a trip to Dalebrook's London showroom or Witham headquarters to meet with our dedicated designers and concept managers to develop your new product

NIMBLE

The Nimble Riser is a versatile and convenient solution for retailers or hotels looking to enhance their buffet setups. Made from durable bamboo, it adds a natural and eco-friendly touch to food presentations while also being bacteria-resistant and easy to clean. Designed for use with Dalebrook's popular KATA products, this kit transforms them into a dynamic and eye-catching display.

THREE STEPS TO A DYNAMIC DISPLAY

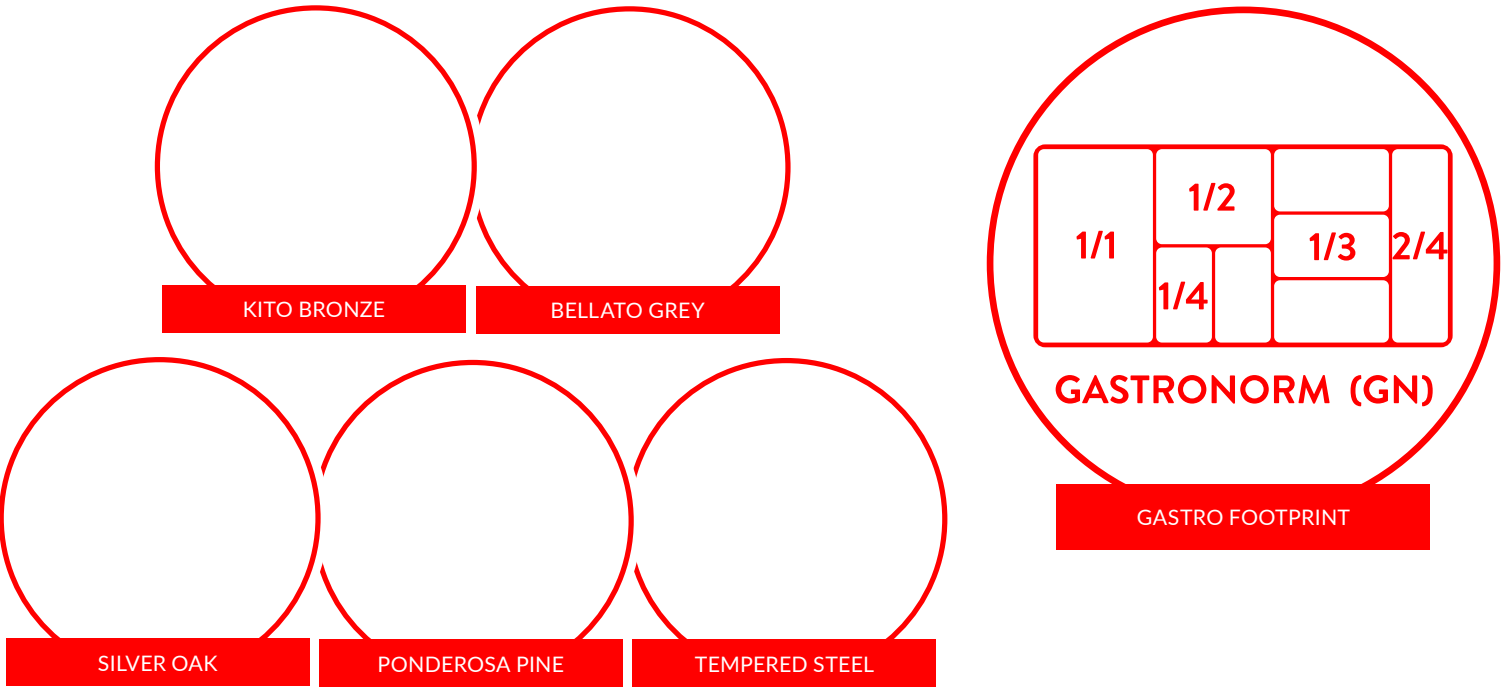

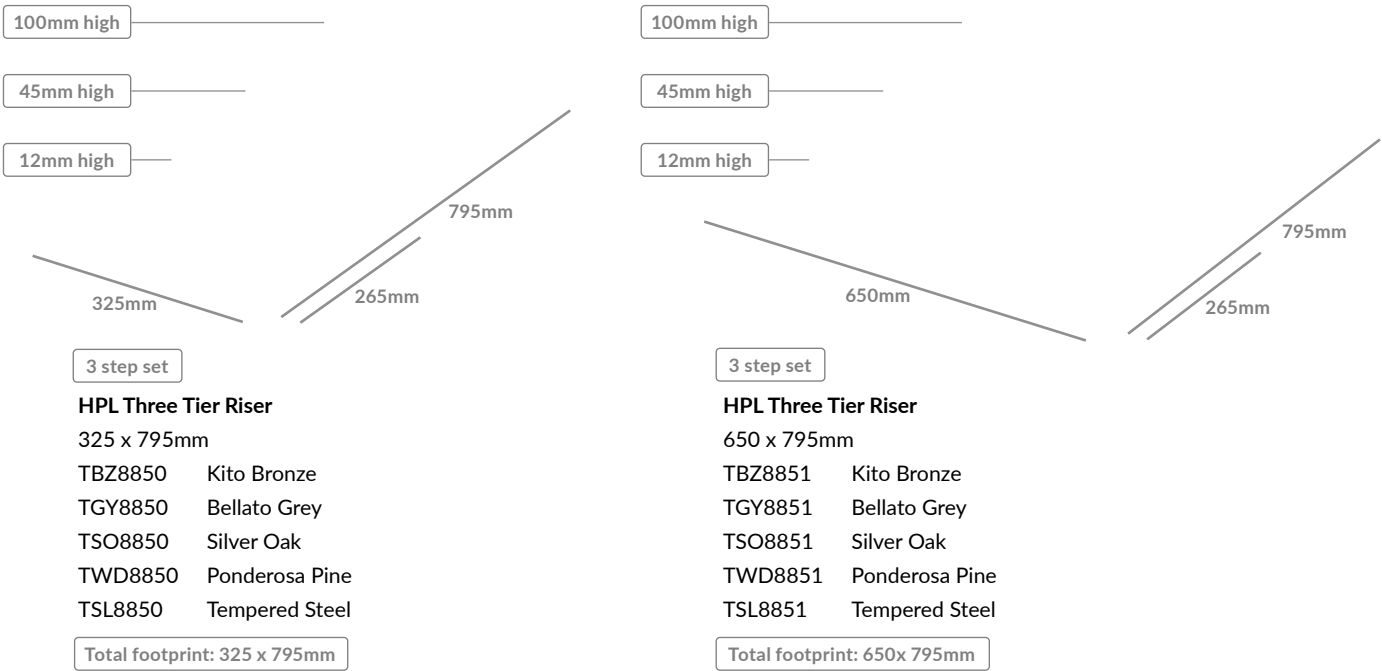

Elevate your food displays with Dalebrook's HPL risers, expertly designed to blend contemporary style with exceptional durability. Built to endure demanding environments, they add height and dimension without obstructing cold airflow on countertops. Moisture-resistant and crafted to fit the 840 and Gastronorm footprints, these risers deliver long-lasting performance.

Looking for something unique? We also offer custom sizes tailored to your specific needs.

PEAK RISER

Made from a high-quality thermoplastic material, Peak's elasticity and rubber-like texture effectively disperse weight evenly. It can be laid flat, upright like a pyramid, or interlocked together, offering versatility in height. Use four to elevate a platter or just one under a bowl. Its non-slip material makes it ideal for self-service buffets. With its durability and modern design, Peak is a perfect addition to any food presentation, taking your display to new heights.

RHUBARB EVENT CATERING

“Afternoon Tea at Ascot is a prestigious event and we required an afternoon tea stand that would be in keeping with the venue and its traditions. Dalebrook Supplies came to us with a stunning solution that is both contemporary and stylish, yet practical too. We’re delighted with the results.”

MINO DISHES

The Mino dishes are thoughtfully designed to integrate perfectly with an 840 buffet system. Featuring wider silicone feet for improved stability and grip, they ensure a secure fit even in busy service environments. The hammered finish adds a luxurious, textured aesthetic, making these dishes as elegant as they are functional.

TALON

Talon's innovative design ensures it fits seamlessly into any setting while outperforming traditional ceramic alternatives. With vibrant, eye-catching colours, Talon stands out both on the table and on the shelves, making it ideal for fast-paced, high-volume users. The corrugated profile significantly reduces contact between the cup and the user, enabling safe handling even when hot.

SUSTAINABILITY

While some materials listed as recyclable can technically be processed, not all are easily or widely recyclable through standard curbside recycling programs. For example, certain types of plastics require specialized facilities for proper recycling. We encourage you to check with your local recycling center to confirm which materials they accept. For items marked as non-recyclable, or if you are unsure about the recycling process, you are welcome to return them to us. Our commitment to sustainability ensures these items are responsibly managed and disposed of in an environmentally friendly way.

PRODUCT CARE

FIND OUT MORE ABOUT HOW TO CARE FOR
YOUR PRODUCT ONLINE AT

WWW.DALEBROOK.COM/PRODUCT-CARE

MELAMINE

Outperforms traditional ceramic and is proven to be 4x stronger. Chip- and break-resistant, it's ideal for event caterers. A favourite among waiting staff, as it looks like ceramic but with half the weight.

PLASTICS

There is a common misperception that plastics use a large amount of the world's petroleum. Less than 4% of the world's oil production goes into producing all types of plastics. PET accounts for less than half of 1%. PET is fully recyclable and a highly sustainable material. Every time a PET container is recycled, its petroleum feedstocks can be recaptured and reused.

**Source: PlasticsEurope*

POLYSTYRENE (PS)

100% recyclable. Our range of PS products is reusable and not intended for single use. It's our most popular platter range for caterers who need a reliable solution. Strong, lightweight, and ideal for canapés and outdoor events, making it the event caterer's number one choice of platter.

FIND OUT MORE ABOUT HOW TO CARE FOR YOUR PRODUCT ONLINE AT

WWW.DALEBROOK.COM/PRODUCT-CARE

POLYETHYLENE TEREPHTHALATE (PET)

The perfect material for lids. PET is the most widely recycled plastic in the world. Prized for its strength, thermo-stability, and transparency, PET is a popular choice for packaging. PET is also inexpensive, lightweight, resealable, shatter-resistant and recyclable.

BAMBOO

Completely biodegradable and compostable. If you're looking for an all-natural way to serve side dishes that will leave a lasting impression without lingering in a landfill for years to come, look no further.

GASTRONORM

Gastronorm (GN) is a European standard for kitchenware tray and container sizes that is commonly seen worldwide in the catering and professional food industry, as well as in certain parts of the high-end consumer market.

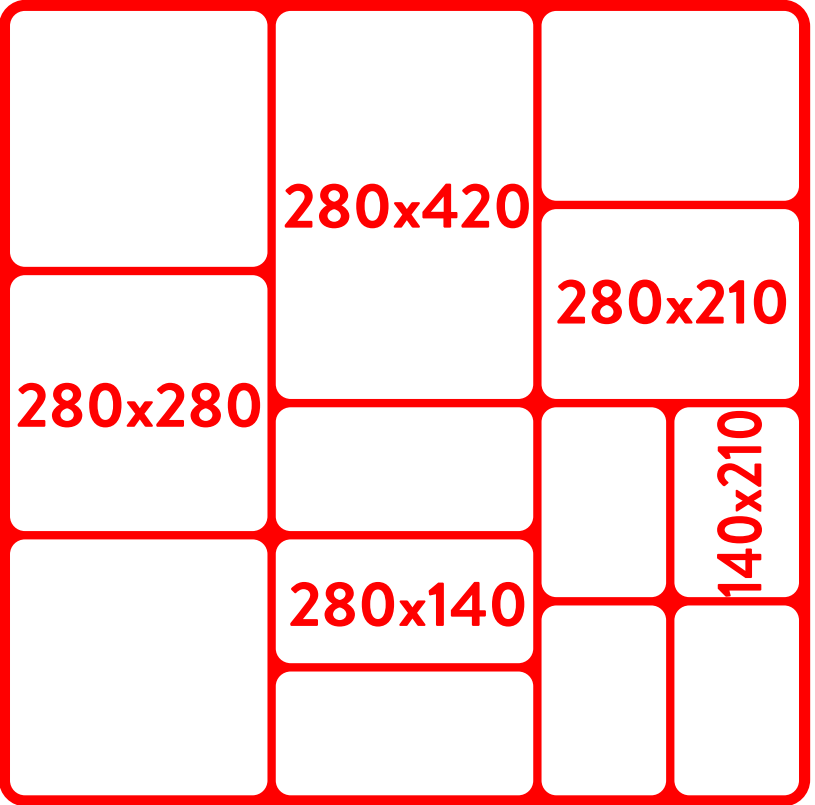

530 mm

- 1/1 GN - 530 × 325 mm
- 1/2 GN - 325 × 265 mm
- 1/3 GN - 325 × 176 mm
- 1/4 GN - 265 × 162 mm
- 1/6 GN - 176 × 162 mm
- 2/4 GN - 530 × 162 mm

840 mm

840 SYSTEM

Fits within a common 840mm deep counter space. Items in this footprint can be used both horizontally or vertically for multiple combinations.

- LARGE - 280 × 420 mm
- SQUARE - 280 × 280 mm
- MEDIUM - 280 × 210 mm
- SMALL - 280 × 140 mm
- X SMALL - 140 × 210 mm

TERMS & CONDITIONS

1. Definitions

“The Company” shall mean Dalebrook Supplies Ltd. or Remmerco Ltd. “The Customer” shall mean the person, firm or company to whom any quotation is addressed or with whom any verbal or written contract is made. “The Goods” shall where the context permits include units, parts and accessories agreed to be sold.

2. General

(a) Any order including any based on, or resulting from any quotation is deemed to incorporate these terms and conditions; and these terms and conditions supersede any terms or conditions proposed by the Customer and shall prevail over any inconsistent terms or conditions contained in or referred to in any order, correspondence or elsewhere and all or any arrangements to the contrary are hereby extinguished.

(b) The Company accepts no responsibility for the accuracy of drawings, patterns or specifications supplied by the Customer. No orders placed by the Customer whether resulting from a quotation or otherwise shall constitute a legally enforceable contract until accepted by the Company. The placing of an order based on a quotation supplied by the Company or in the absence of prior quotation the acceptance of an order imports therein the terms and conditions set out here under.

(c) Any information or technical assistance given by the Company is given in good faith and is for general guidance only, and does not constitute a warranty, guarantee or recommendation of the suitability of the goods for any specific purpose.

3. Quotations

(a) All tenders, quotations and estimates made by the Company are given without obligation and are subject to written confirmation when the order is placed.

(b) Although every effort will be made to meet delivery dates these are not guaranteed, the Company cannot be held responsible for loss or damage due to delay in delivery, nor shall the Customer be entitled to refuse to accept goods because of late delivery.

(c) The time given for the execution of the order shall be reckoned from the date of receipt of the Customer’s written order or from the date on which all information and drawings necessary to enable the Company to proceed is received, whichever date may be the later.

4. Corrections

The Company reserves the right to correct any clerical or typographical errors made by its employees, servants or agents at any time.

5. Prices

(a) Whilst every effort will be made to maintain prices as quoted, the Company will only accept orders at prices ruling on the day of despatch, and such price shall be fixed at the Company’s discretion after taking into account any increase in the cost of materials, transport and any other relevant factors; and the Customer hereby agrees to pay the price as invoiced. The Customer also agrees to pay for any loss or extra cost incurred by the Company through any request or instruction or lack of instructions or if there is any suspension of work due to the instructions or lack of instructions on the part of the Customer, its employees or contractors. Unless otherwise indicated in the Company’s quotation no discount of any kind is allowable. Prices being strictly nett.

(b) VAT will be charged at the rate applicable at the time of despatch.

(c) All prices and specifications are subject to alteration without notice.

(d) If an invoice is not agreed then it is incumbent upon the Customer to communicate this fact to the Company immediately as under no circumstances will any dispute be acknowledged by the Company more than 7 days after the date of the invoice.

6. Orders & Schedules

All verbal orders or instructions should be confirmed in writing within 3 days. Orders accepted by the Company cannot be cancelled without the consent of the Company in writing.

7. New Accounts

Two approved trade references and a bank reference are requested.

8. Carriage

Carriage is effected at the Company’s option and appropriate charges will be made for such carriage based on current Carriage Standard Rates. Unloading is Customer’s liability.

9. Payment

Unless otherwise agreed in writing, prices quoted and agreed by the Company and the Customer are nett prices. These are payable in accordance with the credit terms agreed between “The Company” and “The Customer”, as stated in the credit facilities agreement letter issued by “The Company” to “The Customer”. The Company reserves the right to charge interest in the event of payment being overdue at 5% over Barclays Bank plc base rate.

10. Risk

Risk in respect of goods shall pass upon delivery. When goods are by the Company’s own transport delivery shall be deemed to take place at the moment the goods are lifted from the delivery vehicle. When goods are delivered by other means of transport delivery shall be deemed to take place when the goods are handed or surrendered to the carriers.

11. Claims

No claim for material damaged in transit or suffering from any defect apparent from reasonable examination will be considered by the Company unless:-

(a) An appropriately qualified signature e.g. Material received damaged (signed), is clearly made by the customer on the proof of delivery note. AND

(b) The Company is advised in writing, in addition to (a) above, within 3 days of receipt of material. No claim or loss in transit can be considered unless advised by the customer in writing within 10 days of invoice or in case of shortage within 4 days from receipt of goods and the Customer has signed the proof of delivery note indicating the amount of shortages. In no circumstances shall the Company be responsible for loss, damage or delay due to shortage of materials arising from circumstances beyond the control of the Company or from industrial disputes, transport delays, accident, plant failure or any other contingency (whether or not of the same nature as the foregoing), arising from circumstances beyond the reasonable control of the Company. The Customer is to indemnify the Company against any claims whatsoever for damages and costs and against all liability in respect of any infringement of patent rights or registered design resulting from compliance with the Customers instructions expressed or implied.

12. Defective Products

The Company in no circumstances, will be liable to the Customer or user for any loss, damage or remedial expenses, whether direct or consequential, arising from the goods supplied by the Company for any purpose.

13. Return of Goods

The return of any goods properly supplied will not be accepted unless the Company’s authority has been previously agreed and a returns number given. Notice of such return must be in writing within 7 days of receipt of the goods. Returns must be delivered carriage paid accompanied by a separate advice note detailing the consignment. Conditional upon goods being received in perfect condition, suitable for immediate resale, goods will be credited at invoice or current value, less a handling charge of 25%. If any reconditioning is found necessary this will be charged.

14. Specials

Goods made to the Customer’s orders and/or specifications cannot under any circumstances be accepted for return or cancellation.

15. Specifications & Drawings

Unless otherwise agreed in writing all descriptive specifications, drawings and particulars of weights and dimensions, furnished by the Company are to be deemed approximate only and the description and illustrations contained in such documents are intended to represent a general idea of the product and not to form part of the contract.

16. Copyright

All drawings, descriptions and other information submitted by the Company shall remain the property of the Company together with the copyright therein and must not be disclosed or reproduced without the Company’s written authority.

17. Limits of Contract

Any quotation includes only such goods, accessories and work as are specified therein.

18. Limitations of Liability

The Company shall have no liability for any loss, delay, damage or claim arising out of the following:

(a) the Company’s inability to obtain adequate labour or materials due to any cause outside the Company’s control;

(b) prevention or delay in carrying out the works by reason of any cause outside the control of the Company including but not limited to any Act of God or force majeure.

(c) any act, omission, default or negligence by the Customer, its servants or agents.

(d) the Customer’s failure to obtain all necessary permits approvals or licences required by law or otherwise with respect to the Work. Any costs incurred by the Company arising out of any of the matters described in sub clause (c) and (d) of this clause shall be invoiced to the Customer and shall, fourteen days after the date of such invoice, be a debt due from the Customer to the Company. Any claims arising from the negligence of the Company its servants or agents shall be limited to the Company’s statutory liability.

(e) any infringement of patent rights or registered design resulting from compliance with the customer’s instructions express or implied. Provided always that the Company shall not be held liable for any damage caused by negligence of its servants or agents when engaged upon the Customer’s premises or otherwise, other than damage arising out of breach of contract.

19. Warranties

The Company warrants that it has exercised and will exercise all reasonable skill and care in:

(a) the design of the Work insofar as the Company has designed or will design the Work.

(b) the selection of goods and materials insofar as the Company has selected or will select the said goods and materials.

(c) the satisfaction of any performance specification or requirement provided always that such specification or requirement is included or referred to in the description of the Work or is agreed to in writing by the Company. Insofar as the Company has designed the Work such design shall at all times remain property of the Company and shall be used for no other purpose than the Work unless specifically agreed to in writing by the Company. No liability shall rest with the Company arising out of the unauthorised use of the design.

20. Insolvency

Should the customer commit any act of bankruptcy or make any composition or arrangement with its creditors or being a company has a winding up order made or (except for the purposes of reconstruction) a resolution for voluntary winding up passed or a receiver or manager or the business or undertaking is duly appointed or possession is taken by or on behalf of the holders of any debentures secured by a floating charge of any property comprised in or subject to the floating charge therein and in such case the Company, without prejudice to its accrued rights or remedies may by written notice determine its employment.

21. Retention of Title

All goods supplied by the Company to the Customer under the terms of any agreement shall remain the sole property of the Company both in law and in equity and the Customer acknowledges that it is in possession of all such goods solely as bailee for the Company until such time as the Customer shall have paid the Company the agreed price together with the full price of any other goods supplied by the Company pursuant to any other agreement between the Company and the Customer. Until such time as the Customer becomes the owner of the goods in accordance with the provisions of this clause, the Customer shall store such goods separately from its own goods or those of any other person or persons in such a manner as makes them readily identifiable as the Company’s goods. The Customer’s right to possession of the goods shall cease upon the occurrence of any of the events referred to in clause 20 hereof and the Company may thereupon enter upon any premises where the goods are stored or where they are reasonably thought to be stored for the purpose of repossessing the goods.

22. Legal Construction

Unless otherwise agreed by the Company in writing, these conditions shall in all respects be construed and operate as an English Contract, in conformity with the English Law.
